

Greener Cleanups

Learn how to reduce the environmental footprint of contaminated site assessment and remediation from EPA experts from HQ and Regions 3, 7, and 9.

Topics include:

- **EPA Region 7 Final Green Cleanup Policy signed April 27, 2015**
- **ASTM Standard Guide for Greener Cleanups, E2893-13**
- **Methodology for Understanding and Reducing a Project's Environmental Footprint, EPA 542-R-12-002**

**When: July 21, 2015
10:00 am - 3:00 pm**

Where: Big Rivers Conference Room - RO

Registration is available through Trainex at

www.trainex.org/greenercleanups

Open to EPA, states, USACE, tribes, and similar counterparts. In person attendance is encouraged; limited remote access provided.
